Company address

Delivery address

(if different to company address)

What type of products/objects do you want photographing?

How many objects are you sending?

How many photographs do you want?

(for group shot details tell us how many objects in each group and how many shots)

Do you want any or all of these images to be cut out

A white cut-out is a multi layered Photoshop document ensuring a pure white background surrounds your object.

Have you got any additional reference images?

(These could be your sketches or other product shots.)
